PE Automotive – PPWR Information (EN)

Our Responsibility under the European Packaging Regulation (EU) 2025/40 (PPWR)

As part of our responsibility for packaging and packaging waste, we comply with the requirements of the European Packaging and Packaging Waste Regulation (EU) 2025/40, as well as the applicable national extended producer responsibility regulations in the countries in which we place packaged products on the market.

This information provides transparent overview about our role as an economic operator, our packaging registrations, extended producer responsibility arrangements, and relevant contact details for customers, authorities, and business partners.

Our roles as an economic operator

With regard to the definitions set out in Article 3 of Regulation (EU) 2025/40 (PPWR), our company assumes the roles of producer, manufacturer, importer and distributor. We ensure compliance with the resulting obligations in accordance with the applicable requirements and timelines.

The following company acts as producer, manufacturer, importer, and distributor:

PE Automotive GmbH & Co. KG

Industriestraße 77

42327 Wuppertal

Germany
